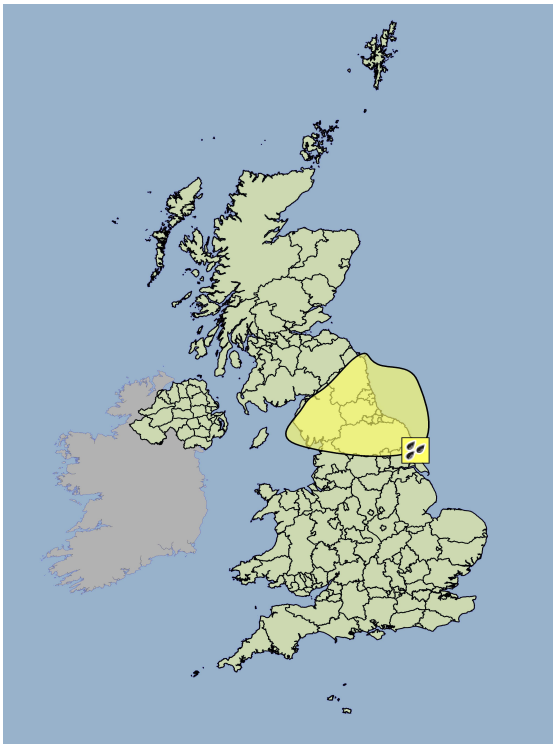
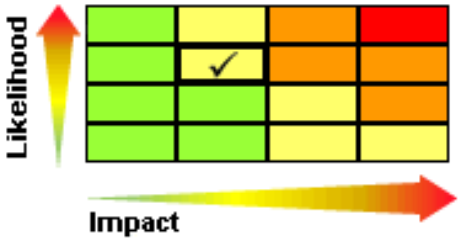
National Severe Weather Warning Service





Chief Forecasters Assessment
The air mass over the area will turn more unstable through the afternoon, allowing scattered, heavy showers to develop, perhaps with a band of organised, thundery rain forming. 15 mm in the hour or so could fall locally, though many places will escape the worst.

The Met Office have issued a **Yellow Warning** of **Rain**

Valid from **16:00 on Tue, 20th May 2014** until **23:00 on Tue, 20th May 2014**

Thundery downpours are expected to develop this afternoon, lasting into the evening. The public should be aware of the risk of spray on roads and local surface water flooding.
